**United States Masters Swimming
2008 3000-yd Postal National Championship
Club Results**

Each Club is entered automatically in the Club event. Club point scoring is calculated based on Quality Points, which are ratios of each individual's time to the corresponding USMS Record for the gender & age group. The faster the swim, the more Quality Points a swimmer earns. Club totals are the sum of the Quality Points of its swimmers. Since every swimmer received Quality Points, every swimmer counts!

Club Name	Club Abbr	Quality Points	Total Entries
